To whom it may concern:

This letter of support is being written on the behalf of Panitch, Schwarze, Belisario & Nadel, LLP. More specifically, this letter regards the professional legal services provided by Martin G. Belisario, Esq. to West Pharmaceutical Services, Inc.

As Associate Counsel for Patents and Intellectual Property Matters, I have had the pleasure and privilege of working with Martin for most of the past two years. He has provided West Pharmaceutical Services with truly outstanding work in a number of legal areas including, but not limited to, patent infringement clearance, patent prosecution, licensing, due diligence and general business strategy. I also worked with Martin in private practice for several years. Martin has worked with West for more than nine years and West has never been sued for infringing another's patent.

Not only is the quality of Martin's work exemplary, but the number of billable hours charged, for what are frequently highly complex matters, are always reasonable.

In sum, I can highly recommend the services of Martin and the other members of the firm of Panitch, Schwarze, Belisario & Nadel, LLP. Please feel free to contact me via telephone or e-mail if I can answer any specific questions you may have.

Very truly yours,
