To whom it may concern:

This *unsolicited* letter of support is being written on the behalf of Panitch, Schwarze, Belisario & Nadel, LLP. More specifically, regarding the professional legal services provided by Alan Nadel, Esq. to BioNumerik Pharmaceuticals, Inc.

As Senior Intellectual Property Counsel, I have had the pleasure and privilege of working with Alan for the past five years. He has provided BioNumerik with truly outstanding work in a number of legal areas including, but not limited to, patent prosecution, licensing, copyright/trademark issues, due diligence and general business strategy.

Not only is the quality of Alan's work exemplary, but the number of billable hours charged, for what are frequently highly complex matters, are always more than reasonable.

There have also been numerous instances where Alan has put aside ongoing work in order to come to the "rescue" of BioNumerik with regard to highly time-sensitive Intellectual Property matters. Again, the work was of the utmost quality and performed in a timely and fiscally-responsible manner.

I sincerely believe that more a capable and competent legal counsel can not be obtained anywhere, or at any price.

In sum, I can not recommend the services of Alan and the other members of the firm of Panitch, Schwarze, Belisario & Nadel, LLP, more highly. Please feel free to contact me via telephone or e-mail if I can answer any specific questions you may have.

Best regards,

Scott A. Whitaker, Ph.D., J.D.
Senior Intellectual Property Counsel
BioNumerik Pharmaceuticals, Inc.
