To whom it may concern

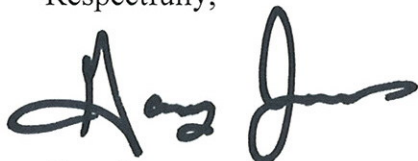

I am pleased to write this letter of recommendation for Al Nadel with Panitch, Schwarze Belisario and Nadel LLP. As the Corporate and Scientific Affairs Manager for Mars Fishcare I have known and worked with Al Nadel for 15 years. Al has worked successfully with Mars Fishcare longer than my tenure of 15 years.

During the past 15 years I have had the opportunity to utilize the services of Al Nadel and his staff to secure and defend several patents and intellectual property concerns with great success on both domestic and international levels.

Al Nadel has not only performed the duties required with impeccable completeness, but has provided myself and several associates at Mars Fishcare the education on the legal issues at hand to improve our decision making processes. This helped to direct Mars Fishcare into a more sound business environment. Through his education we have had the opportunity to act in ways that have protected our intellectual property and resulted in greater sales for Mars Fishcare in the global marketplace.

At all times I have found Al Nadel and his staff to be knowledgeable, conscientious, reliable, and hard-working, yielding great successes for Mars Fishcare. Their efforts have resulted in many patents being awarded both in the United States and in other countries, further strengthening our global business. I can confidently recommend Al Nadel and the firm Panitch Schwartz Belisario & Nadel LLP as a solid and reliable business supplier, and experts in their field.

Respectfully,

Gary Jones
Corporate and Scientific Affairs Manager
Mars Fishcare
