Panitch Schwarze Opens New Location in Delaware

Panitch Schwarze Belisario & Nadel expanded its intellectual property practice with the opening of a new Wilmington office.

The firm now has six Delaware-licensed attorneys, including three partners and three senior associates, all of whom are registered patent attorneys, according to a release.

“We chose Delaware as our first office outside of Pennsylvania specifically because the District Court for the District of Delaware consistently is among the districts with the largest number of patent

cases filed there each year,” said firm partner John D. Simmons in a release.

The office is located at the Applied Bank Center, 2200 Concord Pike, Suite 201, Wilmington.

Panitch Schwarze is a boutique intellectual-property law firm based in Philadelphia.

Its attorneys provide strategic advice concerning litigation, licensing and counseling services relating to patents, trademarks, copyrights, trade secrets, domain names and Internet issues domestically and internationally.
